Receipt of Engineering Standards

The attached Master Services Agreement(s) references Crown’s “CCUSA Engineering Standards” (hereinafter “Engineering Standards”). The Engineering Standards can be accessed and downloaded through Crown’s secure site by following these directions (NOTE: Your firewall may need to be temporarily disabled.):

- Step 1.0 Go to <http://sitedata.dmz.crowncastle.com/docs>
- Step 2.0 Click “Continue to this website”
- Step 3.0 Use the following login:
 - Step 3.1 Username = usproweb7\documents
 - Step 3.2 Password = passw.01
- Step 4.0 Right click each document, and choose “save as”

As a Crown approved vendor and pursuant to the Agreement, you are obligated to comply with the Engineering Standards in their entirety, in all Work performed for Crown, and to pass this requirement on to third parties on Crown’s behalf.

THESE ENGINEERING STANDARDS WILL SAVE YOU SIGNIFICANT TIME AND MONEY!!! Please forward these Engineering Standards to appropriate departments in your organization and to those outside firms performing the Work for you for delivery to Crown. If you have any questions regarding the technical content of the Engineering Standards or its implementation, please email the Crown Engineering Department at engineering@crowncastle.com. For access and download issues, please email the Crown IT Help Desk at Crown.HelpDesk@crowncastle.com.

Please indicate that you have **downloaded and accepted** the Engineering Standards by having an Officer of your company sign this form and return it to Crown’s Supply Chain Management Department either via email or fax to the address/number found in the upper right corner of this document.

CCUSA Engineering Standards have been Downloaded and Accepted:
