

On this website, the term “including,” and any variation of such term, means “including without limitation.” The use of the word “or” on this website is not exclusive. Unless this website indicates otherwise or the context otherwise requires, the terms “we,” “our,” “our company,” “the company” or “us” refer to Crown Castle Inc. and its subsidiaries. In addition, unless the context suggests otherwise, references to “US” are to the United States of America and Puerto Rico, collectively.

This website contains forward-looking statements and information (“Forward-Looking Statements”) about our activities and are based on management’s current expectations. Statements that are not historical facts or third-party statistics are hereby identified as Forward-Looking Statements. In addition, words such as “estimate,” “anticipate,” “project,” “plan,” “positioned,” “intend,” “believe,” “expect,” “potential,” “predicted,” “continue,” “likely,” “target,” “seek,” “goal,” “will,” “may,” “plan,” “aim,” “maintain,” “should,” and any variations of these words and similar expressions are intended to identify Forward-Looking Statements.

Such Forward-Looking Statements should, therefore, be considered in light of various risks, uncertainties and assumptions, including prevailing market conditions, risk factors described in our most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q filed with the SEC, and other factors. Should one or more of these risks or uncertainties materialize, or should any underlying assumptions prove incorrect, actual results may vary materially from those expected. Forward-Looking Statements on this website speak only as of the date made, and we do not undertake any obligations to update any Forward-Looking Statements, whether as a result of new information, future events, or otherwise.

Our filings with the SEC are available through the SEC website at www.sec.gov or through our investor relations website at investor.crowncastle.com.

We use our investor relations website to disclose information about us that may be deemed to be material. We encourage investors, the media and others interested in us to visit our investor relations website from time to time to review up-to-date information or to sign up for email alerts to be notified when new or updated information is posted on the site.

Non-financial information contained on this website, including fuel and energy consumption and GHG emissions calculations, is subject to measurement uncertainties resulting from limitations inherent in the nature and the methods used for determining such data. The selection by management of different but acceptable measurement techniques could result in materially different measurements. Many of the standards and metrics used on this website continue to evolve, and the precision of different measurement techniques may also vary. Calculations and statistics included on this website are in part dependent on the use of estimates and assumptions based on historical levels and projections and are therefore subject to change and should not be considered guarantees.

The terms “material” and “materiality” as used on this website, including the indices and in our materiality assessment, are different from such terms as used in the context of filings with the SEC. Issues deemed material for purposes of this website and our sustainability reporting may not be considered material for SEC reporting purposes.

Information on this website, unless otherwise indicated or the context otherwise suggests, reflects our activities, initiatives and goals conducted, introduced or established in 2021.
