Dear Ms. Frewer:

Thank you for registering Crown Castle NG East LLC (Crown Castle) with the State of New Hampshire as a telecommunications carrier. This letter confirms that your registration has been accepted. Crown Castle is not authorized as a public utility under state law in New Hampshire, but that does not alter its rights and obligations as a telecommunications carrier under federal law or the duties of the incumbent local exchange carrier to interconnect and negotiate in good faith with telecommunications carriers. Crown Castle will be listed on the Commission's website as a telecommunications carrier registered in New Hampshire.

New Hampshire law requires companies "conveying telephone messages for the public" to be authorized before providing public utility voice service. If Crown Castle intends to offer voice service to end users, other than VoIP or IP-enabled voice service as defined in NH RSA 362:7 (d) and (e), it must apply for authorization using Form T-8: *Application for Registration to Provide Voice Service*, as described in the Commission's administrative rules, NH Admin. Code Puc 404.02. This form is available on our web site.

The Commission's administrative rules also describe the process involved in making numbering resources available to telecommunications carriers, at NH Admin. Code, Puc 413.03.

If you have any questions, please do not hesitate to contact the Telecommunications Division at 603 271-7031.

Sincerely,

A handwritten signature in black ink, appearing to read "Debra A. Howland".
